Music, dance, information and colourful costumes from numerous countries: At the "International Evening" of Offenburg University students from all over the world presented their home countries in very diverse and interesting ways.

27 Nov 2018

The biggest auditorium of Offenburg University was completely full when the international students presented their home countries. After the colourful performances, visitors were invited to a culinary buffet with specialities from the students' home countries, which were prepared by the students themselves.

We heartily thank all participants for this colourful and entertaining event with insights to different cultures from four different continents and the delicious food.
